## Synopsis

*Fantastic Beasts and Where to Find Them* is an all-new adventure returning us to the wizarding world created by J.K. Rowling. *Fantastic Beasts and Where to Find Them* opens in 1926 as Newt Scamander has just completed a global excursion to find and document an extraordinary array of magical creatures. Arriving in New York for a brief stopover, he might have come and gone without incident...were it not for a No-Maj (American for Muggle) named Jacob, a misplaced magical case, and the escape of some of Newt's fantastic beasts, which could spell trouble for both the wizarding and No-Maj worlds.
